Dear Ben,
Thank you for your email. I hope you're OK.
In your email you asked me about clothes.
Personally, I agree with the English proverb about bad weather and bad clothes. I think that bad weather isn't the reason of bad feelings and emotions, because you can always wear warm clothes and everything will be fine. In my opinion, the best type of clothes to wear out of school is comfortable clothes like jeans and T-shirts. As for me, my favourite colours for clothes are black and white. Besides, I like wearing bright clothes, for example red or blue.

Задание 35

Dear Peter,

I'm always happy to hear from you.

As for your questions my favourite season is winter, because of winter celebrations and there are no insects i'm afraid of. When it's raining i usually stay at home but if it is warm outside i would like to go on a walk even if it is rainy. I always spend my weekends differently, it depend on what season is it, for example if it is summer i usually visit dacha and help my parents to deal with their daily problems. But if it is winter i'd like to play computer games or go on a walk with my friends.

Thats all for now, write me back soon.

Dear Peter,

Thank you for your email. I am always glad to hear from you.

In your previous message you ask me about my favourite part of the year. Frankly speaking, I really like summer. I have a rest at school for three months. And also I like the weather. It is usually sunny and hot. Although, sometimes it can be rainy.

These days I stay at home and read different books or watch films. You also ask me what I do at the weekends. To tell you the truth, I do nothing special. I sleep a lot and go for a walk with my friends.

Sorry, I have to go now. Write me back soon.

Everyone say that my stories are great, but I still read other writers to improve my skills. About the miniature figures - I dont really paint them a lot. Though most people believe that the tomato is a vegetable, this plant is actually a fruit. It is a fruit because it has seeds inside like apples, oranges, lemons, and all other types of fruit. The tomato comes from Central and South America. When tomatoes were brought to England, people thought that they were poisonous[ous] and refused to eat them. Only in 1820, Robert Johnson **proved** (**читает provide**) that tomatoes were absolutely safe and would not affect people's health. He ate a basket of tomatoes in public. Nowadays, the tomato is widely used in all types of food. There are many different kinds of tomatoes – over **7,500** (**читает seven thousands five hundred**)! They differ in size, shape, colour and taste.

... рассказать + тема монолога

... во вступлении или в заключении отсутствует указание на тему монолога, то ответ не может быть оценен по ОВ выше, чем 1 баллом.

- Если ни во вступлении, ни в заключении нет указания на тему монолога, ответ оценивается 0 баллов по ОВ.
- Возможно расширение вступления и заключения за счет замечаний общего характера о важности темы монолога, но в ОГЭ 2025 г. это не является обязательным.
- Приветствие «Здравствуйте! / Добрый день» и т.п. необязательно, но ошибкой не является, как и «Спасибо!» / «Спасибо за внимание!» в конце монолога. Все эти фразы должны быть произнесены на изучаемом иностранном языке, фразы на русском языке не засчитываются.

ОВ: логичность и средства логической связи

средства логической

правильно

- Цель задания – целостный монолог, связное монологическое высказывание.
- Пункты плана – это НЕ отдельные вопросы, на которые можно ответить отдельными фразами без каких-либо логических связок-переходов.
- В основной части монолога обязательно использование 1-2 логических связок при раскрытии тех пунктов, которые менее связаны между собой в смысловом плане. Например, в монологе на тему путешествий два первых пункта носят общий характер: почему людям нравится путешествовать по России, какие виды транспорта популярны. В третьем пункте участник экзамена должен сказать о себе – какие места в России он хотел бы посетить. И здесь просится логическая связка *As for me, ...*.

*Правильное использование средств логической связи предполагает обязательные логические связки-переходы между всеми частями высказывания.

*To begin with, ...
To conclude , ...*

*As for my favourite book , ...
Speaking of ...,*

ОВ: логичность и средства логической связи

имеет

типу высказывания и

средства логической
связи используются
правильно

*Правильное использование средств логической связи предполагает обязательные логические связки-переходы между всеми частями высказывания.

- если в основной части монолога используются только элементарные союзы *и*, *или*, *но* и не использовано ни одного более содержательного средства связи (*As for ... / Speaking of ... / On the one hand, on the other hand, ...* и т.п.), ответ не может быть оценен по ОВ выше, чем 1 баллом
- ответ оценивается по ОВ 0 баллов, если отсутствуют вступление и заключение, соответствующие типу высказывания и его теме, И/ИЛИ имеются 4 и более ошибки в логичности / средствах логической связи. Таким образом, если ни во вступлении, ни в заключении нет указания на тему монолога, ответ оценивается 0 баллов по ОВ.
